

BIRD FEEDER

Objective: To build a bird feeder for wild birds and observe the species of birds around the feeder.

Supplies Needed:

- 1 Empty toilet paper roll
- 1 String (about 1 yard)
- 1 Tablespoon of peanut butter or lard
- 3/4 cup of bird seed
- Explorer Guidebook

STEP BY STEP

1. Place seed onto a plate and set aside.
2. Spread peanut butter or lard onto the cardboard tube (like a toilet paper roll).
3. Roll the tube through the seed to coat the entire tube.
4. Put string through the tube.
5. Tie in a tree.
6. Observe!
