

A portrait of Dr. Brent A. McBride, a middle-aged man with grey hair and a blue shirt, smiling. He is positioned in front of a large wooden bookshelf filled with books. The background is slightly blurred, emphasizing the speaker.**N | 150**

UNIVERSITY-BASED CHILD DEVELOPMENT LABORATORY SCHOOLS

A Vision for the Future

Brent A. McBride, Ph.D.

Dr. McBride's talk will address strategies that allow university-based child development laboratory schools to successfully balance the demands associated with providing high quality early care and education services, while also maximizing teaching, research, and outreach/engagement activities.
