

**Nebraska Chapter  
American Concrete Institute**

## Meeting Notice

### SEMINAR

**“Balancing Concrete Properties in Super Tall Structures: The Kingdom Tower, Jeddah, KSA.”**

*GUEST SPEAKER:*

**Khaled Awad, President, American Concrete Institute**

An active member of ACI, he serves on Certification Programs Committee, International Advisory Committee, ACI Board Committee Chairs Committee, and the International Certification Subcommittee, of which he is a past Chair. Awad is a Trustee of the ACI Foundation. Awad is the past Chair of the Financial Advisory Committee and previously served as a member of the ACI Board of Direction. He received the ACI Henry L. Kennedy Award and the ACI Chapter Activities Award in 2007, and the ACI Certification Award in 2011.

He is the founder of Grenea, an investment firm advancing and providing technical assistance to eco-developments around the world. Prior to establishing Grenea, he was the founding Director of Property Development at the Masdar Initiative in Abu Dhabi, UAE. Masdar is a multifaceted initiative advancing the development, commercialization, and deployment of renewable and alternative energy technologies and solutions. He oversaw the development of emission-free Masdar City, the world's first development aiming to become carbon-neutral.
