

Developing Clinical Expertise in Violence and Risk Assessment: Along With A Special Topic on Serious Mental Illnesses and the Legal System

for Nebraska licensed clinicians

such as psychologists, Licensed Mental Health Professionals (social workers and counselors), APRN-Psych, & psychiatrists

This workshop will enhance and promote statewide clinical expertise in violence risk and threat assessment in Nebraska. Practitioners address risk assessment and management issues in their clinical activity. The literature regarding key concepts of risk assessment and threat assessment will be reviewed, including relevant dynamic and static risk and protective factors. Illuminated by case scenarios, the presenter will detail the roles (i.e. linkage and overlap) of risk assessment and threat assessment across different applied contexts.

OBJECTIVES

1. Articulate key concepts of risk assessment and threat assessment as informed by the current literature.
2. Enumerate relevant dynamic and static risk and protective factors.
3. Apply the integration of risk and threat assessment principles to case examples.
4. Articulate interview strategies that facilitate elicitation of relevant risk and threat assessment information.

LOCATION

Zoom Meeting

COST

No fee to attend this training.
